

# **Horizon Science Academy Columbus Middle School**

## **Orchestra Program**

Dear Parent,

We are excited to launch our string orchestra program this year! In order for your child to be in orchestra, they must have their own instrument. Many students already have a violin or other string instrument at home. Renting or purchasing a violin is another option and they are a list of rental suggestions below. It is the responsibility of your child to maintain a good academic and behavior standing. This program will take place at school Wednesdays & Thursdays from 2:55 – 3:45 p.m., and all students must arrange for their own transportation in the afternoon. If you have any questions, please contact Mr. Spottswood at [s.spottswood@horizoncolumbus.org](mailto:s.spottswood@horizoncolumbus.org)
