Keep Child with SYMPTOMS of COVID-19 at home:

One of the following¹:
- Fever (100.4°F or higher)
- New or worsened cough
- Loss of taste or smell
- Sore throat
- New or worsened nasal congestion or runny nose

OR

Two or more of the following¹:
- Headache
- Body aches
- New or worsened fatigue
- Nausea, vomiting or diarrhea

¹ Excludes symptoms attributable to an alternative diagnosis. Clinical judgment should always guide testing practices.

Keep Child at Home Until Following Criteria Met:

<table>
<thead>
<tr>
<th>Positive or Clinical Diagnosis</th>
<th>Cleared by the local public health department</th>
</tr>
</thead>
<tbody>
<tr>
<td>Pending</td>
<td>Until results known</td>
</tr>
<tr>
<td>Negative</td>
<td>24+ hours without fever and improved symptoms</td>
</tr>
<tr>
<td>Not Tested</td>
<td>10 days after symptom onset and 24+ hours without fever and improved symptoms</td>
</tr>
<tr>
<td>Alternative Diagnosis</td>
<td>24+ hours without fever and improved symptoms</td>
</tr>
</tbody>
</table>

Keep Child with EXPOSURE to COVID-19 at home:

Exposure is determined by the local public health department.

Close contact is defined as someone who was within 6 feet of a person either laboratory confirmed or clinically diagnosed with COVID-19 for at least 15 minutes.

Obtain COVID-19 viral test.

Child has symptoms.

Child must be cleared by the local public health department.

Quarantine and monitor for symptoms².

² The local health department will assist schools and child care centers in determining which asymptomatic children may require testing when an entire cohort, classroom or team has been exposed.

Keep Child at Home Until Following Criteria Met:

Obtain COVID-19 viral test.

Child does NOT have symptoms.

⁠† Counties under Level 1 Health Advisory should follow guidance by the local public health department.

Please follow Ohio Administrative Code 3701-3-13 [http://codes.ohio.gov/oac/3701-3-13](http://codes.ohio.gov/oac/3701-3-13) for exclusion for diarrhea and other infectious diseases.
