Ohio Revised Code (ORC) 3314.03(D)(2) specifies that the sponsor of the school must “monitor and evaluate the academic and fiscal performance and the organization and operation of the community school on at least an annual basis."

Buckeye Community Hope Foundation (BCHF) bases its evaluation of school performance on each of the state required indicators and performance measures listed in the charter contract. BCHF monitors the performance of the community school through attendance at board meetings, bi-monthly visits to the school, monthly reviews of financial reports, and quarterly reviews of academic progress reports, along with a number of other reports relative to the school’s performance. Buckeye Community Hope Foundation served as the sponsor for HSA Columbus Middle School during the 2020-2021 school year, and found the school substantially compliant with the rules and regulations governing community schools.

All community school sponsors are required to submit a written report of the evaluation results of the school’s academic, financial, and organizational performance, as well as the school’s legal compliance to the Ohio Department of Education and make the report available to parents of students enrolled in the community school. As such, an Annual Report regarding the performance of this school and other schools under the sponsorship of Buckeye Community Hope Foundation will be posted on our website www.buckeyehope.org, no later than November 30, 2021.

**QUICK FACTS/HIGHLIGHTS**

- **Public charter school opened in 2007**
- **495 students average in the 2020-2021 school year**
- **Average class size of 27 students**
- **All classroom teachers and professional staff are highly qualified/certified in Ohio**
- **Promotes a positive school environment through school pledge, uniforms, and PBIS behavior system**
- **Named a Cleveland Clinic Banner School for 2019-2020**
HSA Columbus Middle School finished the 2020-2021 school year as a virtual and a blended school. The school started being a virtual school and went to a blended school environment on March 15th, 2021 and completed the school year as a blended school. We are happy that we did our best to protect all of our staff, students and parents. In fact, it was a challenging school year for all parties Staff, Students and Parents.

HSA Columbus Middle School is growing every year with the support of strong staff, parents, and hard-working students. We believe that Students with strong middle and high school backgrounds will excel in College. We all work hard to provide the best educational environment to prepare our students for college. We also believe that every student has a unique learning style. We have programs to provide the best options for all learning styles.

We provide the opportunity to excel in Academics, STEM, Fine arts, and extra-curricular community/social areas so that they may become positive, contributing members of our school to all of our students. We open our doors full of excitement every school year.

We are offering CTE (Career Tech. Classes), Engineering classes, and Information technology (IT) class and also offer high school credits Algebra, 9th grade ELA, Modern World History, Music, Art, and Physical science. So that students can start their college education while they are in high school seats.

We offer afterschool-tutoring for all subjects, Sports activities, and clubs that students can show their talent and grow. Our music department grew recently and is offering an orchestra class.

CYSP (Concept schools Young Scholar Program) is one of the best programs we offer to students who want to become well-rounded individuals by actively following their interests, diversifying their experiences, and getting more education.

Our school success is proven. HSA Columbus Middle School has been honored with a prestigious award from Ohio Department of Education, Momentum award, all A in Progress, growth in 2017, 2018 and 2019. We have new goals in 2021-22. We want to be a Gold PBIS school and a STEM school in three years.

We are running Positive behavioral interventions and supports (PBIS) program. Our school was recognized and awarded a Bronze medal. It is from the Ohio Department of Education. Our new goal is to be a STEM school in 3 years.

Thank you for your continuing support!

Respectfully,
Hasan Akkaya
HSA CMS Principal

ACTIVITIES & RECOGNITIONS

ARTS GALA
Typically a community event we were able to open our doors to students for this year’s Annual Arts Gala. Our hybrid students were able to spend the day completing various STEM and Art centered activities such as slime making, solar art, arm painting, and karaoke. Students were also able to participate virtually for many of the activities.

STEM Day
As we continue our goal of becoming a STEM school we are constantly integrating STEM/ STEAM into the classroom. Our students were able to explore with NASA, design a Rover, and complete project based activities during STEM Day.
VISUAL ARTS GALA SHOW

With the help of our Art teacher, Mrs. Dechman, over 70 of our students were able to participate in a virtual Arts Gala Art Show. We were able to share the art compilations with our parents and students through Google Classroom and our weekly newsletter.

USDA

Horizon Science Academy Columbus Middle School partnered with the United States Department of Agriculture (USDA) to bring free boxed meals to our families and the community. In response to the COVID-19 pandemic, the USDA Farmers to Families Food Box Program provides a boxed meal with fresh produce, milk, dairy and cooked meats to families in need.
Since 1999, Concept Schools has been a leading educational advocate for the national charter public school movement and is known for sharing its resources with traditional schools in order to advance the educational experiences for all students.

Concept Schools is a nonprofit charter management organization that provides a high-quality, STEM-focused, and college-preparatory education through a network of charter schools while offering exceptional programs, comprehensive services, and opportunities to partner in education.

Class of 2020 earned more than $39.1 million in academic scholarships with 96% college acceptance rate.

STUDENT SNAPSHOT
- African-American 57%
- White 14%
- Hispanic/Latino 21%
- Multiracial 6%
- Asian 2%

Concept Schools provides excellent learning opportunities for historically underserved communities where nearly 85% of all families qualify as low-income.
By providing various layers of academic, financial, and operational support, Concept Schools is a comprehensive service provider.

Leadership tomorrow depends on how we educate our students today, especially in science, technology, engineering and math. - Barack Obama
